

Home School Days

Join us on Mondays throughout the year as we explore different science concepts on days geared specifically for home school students! Past topics include "Builder's Workshop", "Acids and Bases" and "Decoding the Genome". Throughout the day, students participate in a facilitated lesson. From working with chemicals to doing dissections, students will get the chance to utilize specialized equipment under the instruction of California Science Center educators. Each day includes an afternoon family activity session and live demonstrations in the California Science Center.

DATES:

Home School Days start at 9:45 AM

Sept. 20, 2010 Oct. 18, 2010
Nov. 15, 2010 Dec. 13, 2010
Feb. 14, 2011 March 21, 2011
April 11, 2011 May 16, 2011

Cost Per Participant:

\$20 members/\$25 non-members

Just for Scouts

Bring your Scouts for a unique experience in the California Science Center's own Big Lab. Get the chance to use our equipment as you participate in hands-on activities that relate to a science badge. During each 2 1/2 hour session, scouts will be guided through the requirements for science-related badges. Please check our website for a listing of badge requirements for upcoming days and registration information.

DATES:

Girl Scouts	Cub Scouts
Oct. 23, 2010	Nov. 20, 2010
May 21, 2011	April 23, 2011

Cost: \$15 per scout

Spring and Summer Camps

A break from school doesn't have to mean a break from exploring new ideas! All camp classes combine interactive, hands-on activities with experienced California Science Center educators to provide your student with an exciting and fun learning environment. Be sure to check our website for information on the California Science Center's upcoming camp programs.

Programs for The Growing Scientist!

Little Scientist's Lab

Give your Little Scientist an introduction to science with our preschool and kindergarten classes! Students will learn how to use different science tools as they explore age-appropriate topics ranging from physics to ecology. All classes include hands-on activities and demonstrations themed around a science topic.

DATES:

Oct. 23, 2010
Nov. 20, 2010
Jan. 15, 2011
Feb. 12, 2011
April 9, 2011
May 14, 2011

TIMES:

10 AM – 12 PM: Preschool (Ages 4-5)
1 PM – 3 PM: Kindergarten (Ages 5-6)

Science Saturday Program Fees:

\$20 members
\$25 non-members

Junior Scientist's Lab

This program gives students in 1st through 4th grades the opportunity to take their science experiences to the next level! In each class, students will use a combination of interactive, hands-on activities and experiments to explore a science topic. Junior Scientists will work with specialized equipment as they strive to explore our "Big Idea" for the day.

DATES:

Oct. 23, 2010	Nov. 20, 2010
Jan. 15, 2011	Feb. 12, 2011
April 9, 2011	May 14, 2011

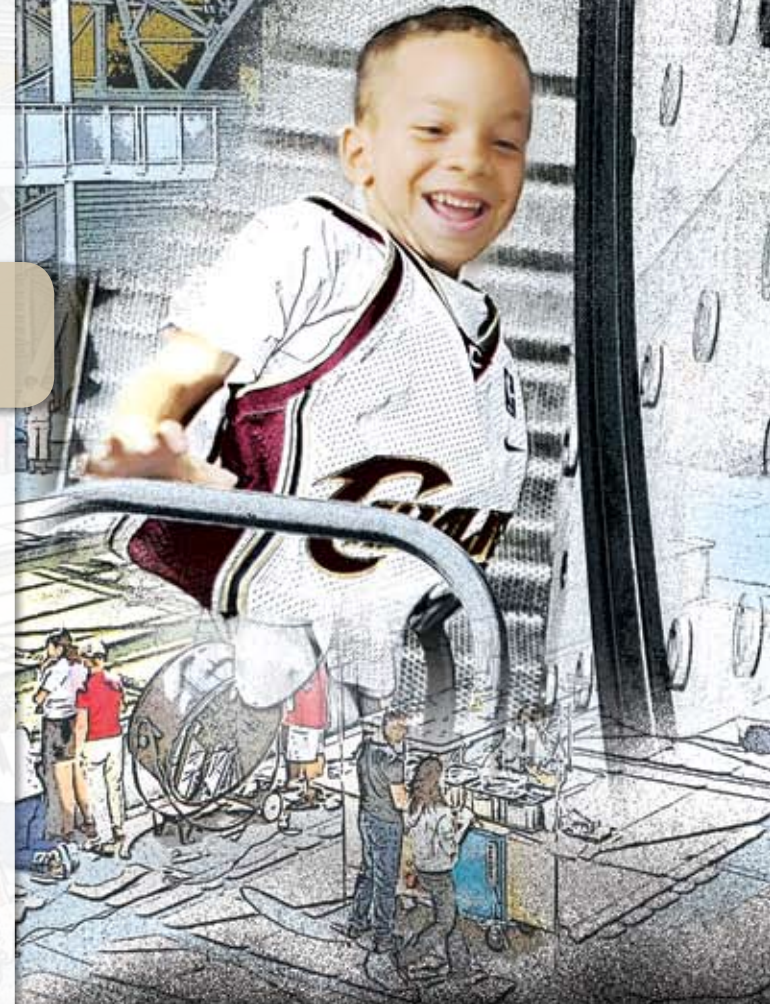

TIMES:

10 AM – 12 PM: 1st-2nd grades
1 PM – 3 PM: 3rd-4th grades

Join us at the California Science Center for Science Saturdays! Science Saturday classes immerse budding scientists in science through fun and interactive experiences.

These hands-on and educational programs are facilitated by Science Center educators, with input from our gallery curators. A combination of exciting activities, demonstrations and special excursions around the Science Center are bound to foster your child's growing curiosity about the world around them.
